Recreation (on site)	X			This home is on 3 acres of land. There is a basketball court and a badminton net set up. The kids love to play Frisbee and have more than enough room to run around. They can play baseball – anything that needs a lot of room. They also have a massive amount of games inside.

Discipline	X			The discipline at Plumfield is exceptional. The staff is well trained and caring, which is picked up by the boys allowing them to feel safe and secure.
Library	X			The library in the living room is amazing. The books are numerous, appropriate and up to date. I know the public library in town would love to have these books.

### ADDITIONAL NOTES

This home is well suited to the boys here. The rooms are spread out allowing for the older boys to feel a tiny bit more independent. There is a nice kitchen table where the boys were having fruit as I walked in. They were talking about their day at school and invited me to join them. I am always so impressed with the way these children are taught to interact with adults; in a respectful, intelligent way, looking at the person they are speaking with. Impressive home.

**ADDITIONAL NOTES & SUGGESTIONS BY YOUTH**

# of Youth Interviewed:     \_\_5\_\_

One child is very excited about going to a camp for 5 days in the redwoods. Another said, "Everything about this place is good." Another was very excited to be involved in something he called reasonable feedback. He explained it as giving others helpful advice and acknowledging when someone doesn't feel comfortable talking about certain things.

**Inspection Summary**

This is an exceptional home. It is well run and the feeling is of security, growth, and safety. These children are learning responsibility, caring, respect, and how to live in the world.
